Assessment Matrix for Final Reports of Individual Projects (worth 50%)

UoG Grade Range (UESTC %age)	**Descriptor**	**Presentation & Figures** (Weighting = 1)	**Organisation & Structure** (Weighting = 1)	**Technical Content & Quality of Analysis** *(Weighting = 5)*
A1 (97-100), **A2** (94-96), **A3** (91-93), **A4** (88-90), **A5** (85-87)	Excellent	*Professional standard of presentation. All illustrations are well formatted and presented.*	*Structure is entirely correct with all sections correctly placed. Reading contents gives clear overview.*	*Well informed and authoritative discussion and a comprehensive analysis of a significantly complex technical problem.*
B1 (81-84), **B2** (78-80), **B3** (75-77)	Very Good	*A clear and consistent presentation style making it easy to read. Most of the figures are clear and well presented.*	*A well organised report with all sections logically placed enhancing understanding of work.*	*Clear and reasoned arguments backed up with a significant analysis indicating a very good grasp of a difficult technical problem.*
C1 (71-74), **C2** (68-70), **C3** (65-67)	Good	*There are some minor flaws in the presentation and the clarity of the figures, but overall, a well-presented report.*	*A report which is sufficiently well organised to make reading the report easy.*	*Arguments presented are of a reasonable technical level, supported by a good quality analysis, and have been well considered and clearly stated.*
D1 (63-64), **D2** (61-62), **D3** (60)	Satisfactory	*Several basic errors present – inconsistent use of styles, margins etc. Figures are satisfactory.*	*There may be some issues with the structure, but these do not detract from overall quality.*	*The arguments presented are of reasonable technical depth, supported by some analysis and show a satisfactory understanding.*
E1 (55-59), **E2** (50-54), **E3** (45-49)	Weak	*Significant flaws in the presentation detracting from the overall impression of the report. Flawed figures, e.g. badly drawn and untidy,*	*There are flaws in the way the report is structured which damages the overall quality of the report.*	*Only limited critical discussion of the technical problem studied. Little analysis or a low level of analysis. Suggests limited understanding of problem.*
F1 (40-44), **F2** (35-39), **F3** (30-34)	Poor	*Unacceptable presentation: untidy and inconsistent use of styles. Figures are messy and unclear.*	*Serious flaws in structure which makes it difficult to read and understand the report.*	*Very little evidence of critical discussion of technical work or results. Superficial understanding of problem. Minimal analysis included.*
G1 (22-29), **G2** (15-21), **H** (0-14)	G: Very Poor H: No Attainment	*A messy report, e.g. no evidence of any effective effort on the quality of the presentation. Report is hard to follow due to unclear figures.*	*No discernible structure. Illogical placement of sections. Impossible to follow argument.*	*The lack of quality of the technical argument suggests that the student has very little understanding of the problem. No analysis.*
